MBMMC

Date Submitted: 22 Oct 12

Situation
A member manhandled another member from the Club House (VAC), because the first member was under the influence of alcohol, and refused to go.
Reference
Club Constitution, Members Rights, Section 63 onwards.
Result
<p>The Club House (or VAC) is a sanctuary for every Club member and visiting Ex-service member or Veteran. No member should be disrespected because they are under the influence of alcohol or medication. The correct practice is to put them to bed.</p> <p>The very act of laying your hands on another member, and then trying to force them from the Club House (VAC) is unacceptable and should never be tolerated.</p> <p>The member doing the manhandling was brought before the Executive and advised of his error.</p>
Previous Results
<p>The practice of thinking that the MBMMC is something like a traditional patched Club is erroneous. The mission and objectives of the Club are well documented. Every member has a right to be treated appropriately.</p>
